

## Kacise Load Cell Catalogue

### 凯兴称重传感器目录

Xi'an Kacise Optronics Tech Co., Ltd has a professional and experienced R&D team, advanced production technology and equipment, allowing us to strictly control product costs while ensuring high quality, high precision and high stability, and provide customers with cost-effective weighing measurement load cells.

Starting from the production of single-point sensors for high-precision electronic balances, our scale has grown considerably, with a complete range of production testing equipment and advanced process standards. Product models are more diverse and applications are more extensive.

Our products include high-precision S-type and single-ended shear beam load cells, column sensors, load cells for elevators, feeder scales, packaging scales, and high-precision sensors for checkweighers. The company's micro-sensors developed and produced specifically for robots, button feel testers, hot and cold press pressure detection, medical syringe pumps, and various industrial and logistics automation are welcomed by the market. In addition, we can also provide customers with OEM, ODM services.

Our load cells are widely sold all over the world and are well received and praised by customers. Our load cells produced by higher standards can maintain stability and consistency for a long time, and can adapt to various harsh working conditions.

Looking forward to establishing long-term win-win business cooperation with you!

西安凯兴具有专业而经验丰富的研发团队,先进的生产工艺和设备,让我们在保证高质量,高精度,高稳定性的同时,严格的控制产品成本,给客户提供高性价比的称重测力传感器。

从生产高精度电子天平的单点式传感器开始,发展至今,我们的规模有了长足的发展,各类齐全的生产检测设备,先进的工艺标准。产品型号更加多样,应用更加广泛。

产品包括高精度的 S 型和单端剪切梁式称重传感器,柱式传感器,电梯用称重传感器,喂料秤用,包装秤用,检重秤用高精度传感器等。

公司专为机器人、按键手感度测试仪、冷热压机压力检测、医疗注射泵及各类工业和物流自动化研制生产的微型传感器更是深得市场欢迎。此外,我们也可给客户提供 OEM, ODM 服务。

我们的称重传感器广销世界各地,深受客户的好评与称赞。我们以更高标准生产的称重传感器,能够长期的保持稳定性和一致性,能够适应各种严苛的工况环境。

期待与您建立长期共赢的商务合作!
